

# Reviews & Testimonials

---

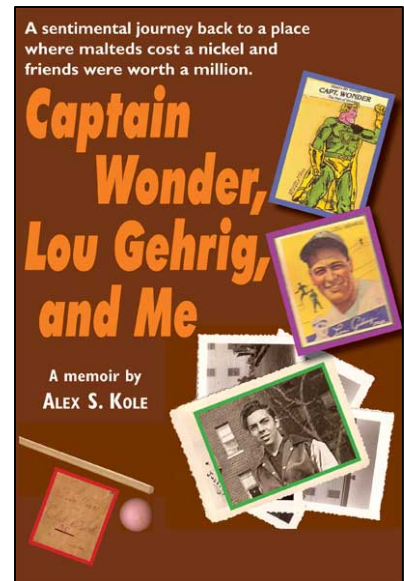

As we wait for published reviews to come in, here are some early comments from independent sources:

*Alex Kole's Captain Wonder, Lou Gehrig and Me is a nostalgic and sentimental memoir of life in America in the '30s and '40s. It is a tale of the spirit of youth and the spirit of America in a time gone by. Although comic book characters and baseball stars form the background of this memoir, the true heroes of these adventures are the stick ball playing boys of the Bronx streets. A touching and satisfying read.*

Former Program Coordinator for Sony's Language Schools, Tokyo**

*Amazingly expressive work...Will make you laugh and cry from page to page. From the Elbons to the Marquis, from Gehrig to Zasu, from Bronx to Fort Sill, you won't put this book down...I promise!*
